

Cogdal Vineyards Little Man Club Notes

2026 Volume II (July)

An exciting summer season of music and food is winding down, but it seems early to call it quits. Here are the three September Saturdays with more music and food for you to enjoy.

9/12 Kevin Henry w/ food by Nola Roux

9/19 Joe Bisceglia w/ food by Smoke'n Joes

9/26 Grayson Barton w/food by El Buen Taco

Good news from the vineyard. The vines responded better than expected after the late frost. The hybrids (Traminette and Chambourcin) plus the Cabernet Franc are looking like a good harvest with quality grapes. The Riesling story is mixed. Our primary Riesling field is off, but the smaller Riesling field's increased yield will help offset some of this decline.

The harvest schedule is determined based on the sugar content and acid level in the grapes. Weather during these last month's of growing is one of the biggest impacts on timing.

We released the rest of our Dry Riesling, Estate Riesling, Harvest Reserve during the summer. A new vintage of Red Tail was also released last week. We expect by the Nouveau Party (**December 5**) to release new vintages of Merlot, Cabernet Franc, VPS, and Reflection.

The Nouveau wine this year will be a Rose. We have been getting the Marquette grapes for this wine (also used in Nana's Kiss, and Reflection) from a vineyard in Grand Junction for the past 10 years. The Nouveau wine will be sold as Sunset Kiss.

We continue to offer free shipping through our website and tasting room discounts on multiple bottle purchases.

We hope you enjoy our relaxed tasting room, vineyard views and your favorite wine when you visit. We treasure all of the friends we have made and enjoy talking about wine, family and life with you. We appreciate your support.

Jack and Deb

Tasting Room Schedule

Open Daily, Noon to 5pm

Weekends only will start October 30
Pickup times can be arranged if needed

Free shipping available on orders through our website (cogdalvineyards.com).
