

Cogdal Vineyards Little Man Club Notes

2025 Volume I (February)

Welcome to 2025. Hope you can create lasting memories through a safe, healthy, and prosperous new year.

January and February have been very cold and snowy. Although dangerously close to impactful temperatures (Below -2) it appears the vine were not impacted. Phew!! The spring season begins in March with vine trimming, closely followed by upgrading the deer fence. As many of you are aware, the deer are the number one culprit of reduced grape harvest for us.

All of last year's wines are now back inside after completing cold stabilization. After racking and filtering the wine we will be able to taste the individual wines and determine which will be used for blends vs. single varietal wines. We then will ask our staff to become wine consultants and provide valuable feedback on the wines through multiple tastings. This leads to the final wine products for you.

The calendar is complete for our Release Party, Music Events, and Nouveau Festival. The website (cogdalvineyards.com) has start times and food available for each event. Check back throughout the year for new events.
